River North Country Club Features:

River North's golf course opened in April of 1974, when Hall-of-Famer Gary Player was among the first foursome to play the inaugural round. **The club is currently part owned by FVSU Alumnus, Dr. Vernard Hodges '93.** The Player-designed course routes through the River North community; through pine woodlands, meandering creeks, & six lakes with an abundance of wildlife. The undulating topography and tree-lined fairways offer a challenge to players of all skill-levels. River North hosts one of the most unique finishing holes in Middle Georgia - the signature island fairway – a true risk-reward hole to finish your round.
